Portfolio: <https://aliportfolio1580.netlify.app/> | GitHub: <https://github.com/HAK1580>

PROFESSIONAL SUMMARY

Motivated MERN Stack Developer with hands-on experience building modern, responsive web applications using React.js, Node.js, Express.js, MongoDB, Tailwind CSS, and REST API integrations. Proficient in component-based architecture, state management with Redux Toolkit, user interface design in Figma, and AI workflow optimization. Seeking a Frontend / MERN Developer Intern role.

TECHNICAL SKILLS

Frontend & Design: React.js, JavaScript (ES6+), HTML5, CSS3, Redux Toolkit, React Hooks, Tailwind CSS, Figma, Wireframing, Prototyping

Backend & Database: Node.js, Express.js, MongoDB, Mongoose, RESTful APIs

Tools & Technologies: Git, GitHub, VS Code, Netlify, Vercel, Chrome DevTools, Prompt Engineering

CERTIFICATIONS

Google UX Design Professional Certificate – Coursera (Aug 2026)

Verification URL: <https://coursera.org/verify/professional-cert/A4SSNI86QAUX>

- Earned an 8-course professional credential covering end-to-end UX research, user personas, wireframing, low/high-fidelity prototyping in Figma, and usability testing.
- Completed program via College Organization Sponsorship.

Google AI Essentials Specialization – Coursera (Aug 2026)

Verification URL: <https://coursera.org/verify/specialization/MO0UL5GK5PJT>

- Completed a 5-course specialization focusing on prompt engineering techniques, responsible AI practices, and developer workflow optimization.
- Completed program via College Organization Sponsorship.

PROJECTS

Admin Dashboard | React.js, Tailwind CSS, REST API

Live Demo: <https://admin-dashboard-1580.netlify.app/>

- Engineered a responsive dashboard featuring dark/light mode toggling, sidebar navigation, dynamic charts, and modular React components.
- Implemented role-based UI controls and structured mock API data handling for optimal user performance.

Scentra – E-Commerce Platform | React.js, Redux Toolkit, Tailwind CSS, REST API

Live Demo: <https://scentra-dead-final.netlify.app/>

- Developed an e-commerce interface with dynamic product filtering, external REST API integration, and global cart state management using Redux Toolkit.

Responsive Landing Page | React.js, Tailwind CSS

Live Demo: <https://responsive-landing-page-3fii.vercel.app/>

- Built a mobile-first marketing landing page with clean layout components and responsive section structure.

Weather Web Application | React.js, REST API, Tailwind CSS

- Created an interactive weather application fetching real-time meteorological data from external APIs with dynamic state updates.

University Admission Form | React.js, React Hooks, Tailwind CSS

- Designed a multi-step input form featuring client-side regex validation and custom state handling.

EDUCATION

Bachelor of Science in Computer Science (BS CS) – In Progress

Government Graduate College Asghar Mall, Rawalpindi

5 Courses

Introduction to AI

Maximize Productivity With
AI Tools

Discover the Art of
Prompting

Use AI Responsibly

Stay Ahead of the AI Curve

Aug 18, 2026

Muhammed Khan

has successfully completed the online Specialization

Google AI Essentials

Those who earn the Google AI Essentials Certificate have completed five courses, developed by Google, featuring hands-on practice designed to build AI skills. They are competent in using AI tools responsibly and improving productivity across their workflow.

Amanda Brophy
Global Director of
Google Career
Certificates

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.

8 Courses

**Foundations of User
Experience (UX) Design**

**Start the UX Design Process:
Empathize, Define, and
Ideate**

**Build Wireframes and Low-
Fidelity Prototypes**

**Conduct UX Research and
Test Early Concepts**

**Create High-Fidelity Designs
and Prototypes in Figma**

**Build Dynamic User
Interfaces (UI) for Websites**

**Design a User Experience for
Social Good & Prepare for
Jobs**

**Accelerate Your Job Search
with AI**

Muhammed Khan

has successfully completed the online Professional Certificate

Google UX Design

Those who earn the Google UX Design Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in UX design. They can complete the design process from beginning to end: empathizing with users, defining their pain points, coming up with ideas for design solutions, creating wireframes and prototypes, and testing designs to get feedback.
